

## **POSSIBLE CHANGES TO REGULATION FOR COMMERCIAL LICENCE TARGETS**

Commercial license targets need to be adjusted based on unlimited tidal fish licenses (UTFL) that were downgraded during the 2015/2016 license year. Six individuals downgraded their UTFL. Therefore, the UTFL number will be decreased by 6 and other authorizations (FGR, FIN, CB3, CLM, OYH, ODB, and CTL) will be increased by 6 each.
