

# MARYLAND STATE PARKS

Maryland's State Parks capture a diverse tapestry of natural and historical resources that inspired National Geographic Magazine to brand the state "America in Miniature." For further information on all park locations, please visit [dnr.maryland.gov/publiclands](http://dnr.maryland.gov/publiclands).

**GEICO ROAD TRIP TIPS**

**BEFORE YOU GO...**  
**COVER UP:** Make sure your auto insurance and registration are up-to-date. Visit [geico.com](http://geico.com) for a free quote and to enroll in their Emergency Road Service plan.

**STAY IN TUNE:** Take your car for a thorough check-up and make sure everything is in working order.

**THERE'S AN APP FOR THAT!** Numerous apps designed for the 21st-century road trip can help you save money on gas (Gas Buddy, Fuel My Route), avoid traffic and tolls (iExit), teach you how to fix a flat tire (Breakdown Lane) and find the best local attractions and restaurants (Roadside America, Roadfood).

**THAT'S ENTERTAINMENT:** Burn DVDs with music, comedy, podcasts and books so you don't use up the power on your electronic devices. Subscribe to a satellite radio station for even more choices.

**...ON THE ROAD**  
**KEEP IT CLEAN:** A garbage bag will prevent clutter from accumulating at your feet. Keep wipes and paper towels handy for those inevitable spills and messes. Create zones in the car to keep things organized and easy to find.

**STAY HEALTHY:** Keep a cooler filled with ice, water and fresh food, or stop at a local farmer's market so you don't rely on fast food. Get out of the car and do some physical exercise every day.

**MAP IT OUT:** Record your journey on an atlas or map. This is a great way for kids to learn an important skill and GPS isn't always available!

**WISH YOU WERE HERE:** Write a blog from the road or post travel updates on social media to share this special experience with your friends and family.
