

MWDI's Annual Box & Kit Order

December 9, 2016

MWDI is once again aggregating orders with its lumber purchase for public projects to provide wholesale pricing to private program sponsors. The lumber cost component reflects MWDI's expected direct costs for wood, shipping and waste. MWDI has made arrangements to have the wood cut into kits or assembled into boxes if preferred. The costs are the same as 2015.

Wood Duck Box assembled \$45.00

Wood Duck Box kit (buyer must assemble) \$38.00

Wood Duck box lumber (buyer must cut & assemble) \$32.50

Boxes / kits do not include predator guards or poles. Metal, cone shaped predator guards can be obtained thru MDWFA while supplies last for \$16 each. (See MWDI website.) A check to MDWFA for guards can be included in the payment to MWDI which will coordinate pickup / delivery of the guards with the lumber, boxes or kits.

Bluebird box lumber is \$8.50, \$11.50 per kit or \$17 fully assembled

MWDI expects the purchaser to pick up the boxes and kits in Rock Hall, Washington, DC or along RT 50 between these locations or between Salisbury and Easton if other delivery arrangements cannot be coordinated. This has not been an issue previously. Lumber will likely be available by year end, kits by end of January and assembled boxes will be available by mid-February 2016.

WD box kits are approximately 22" tall x 9 1/4" wide x 3/4" thick. BB box kits are made from 6" x 3/4" nominal width boards. Lumber is rough cut one side, kiln dried cypress supplied from South Carolina. MWDI's website, www.mwdi.net, has detailed assembly plans for the side door boxes.

To place an order, send an email to
cliftonabrown@aol.com

Payment by check must be received by December 31, 2016.

Pre-payment is necessary or the order will not be included.
